Senior Crystal Reports Developer – Cendien – Crystal Reports Experts

Crystal Reports Professional Services

A consultant specializing in data analysis and reporting, He has significant experience with Crystal Reports – both consulting and training for clients in the past 4 years. He has also recently worked with Business Objects and SQL Server 2000 and 2005.

Crystal Reports Technical Skills

- Crystal Reports – Versions XI, 10 and 9
 - Consulting – several dozen successful projects creating and maintaining sophisticated reporting environments. Crystal reports created for financial, medical and non-profit clients. Currently the lead reporting consulting for an online Contingent Workforce Management (BusObjects XI, Enterprise and Crystal XI) vendor in Jacksonville
 - Training – taught Crystal Reports classes (v 10 and XI) in 2004-2006 in Georgia, Washington (State of), Massachusetts, Texas and Florida.
 - Crystal/BO Enterprise – several consulting opportunities helped me gain experience at Business Objects management of report distribution
- SQL Server (2000 and 2005)
 - Stored procedures – created and maintained complex stored procedures supporting sophisticated reporting requirements (Crystal) and for ETL (processing updated data into application data warehouses and data marts)
 - Created Medical Data Warehouse – emergency medicine – 50+ tables focused on coding, billing and collections. Fact tables support 50+ Crystal Reports and OLAP analysis. Supported critical business reporting for several clients starting in 2001.
 - Visual Studio – dashboard creation and use of XML as user and report parameters for Crystal Reports (with Business Objects Enterprise)
 - Business Objects (version 6.5 and XI)
 - Created universes and reports in 6.5 at Nelnet for the past year. Started doing reports in XI in 2006
 - Access 2003 – over 10 years experience in developing complex applications. In recent years, have created Crystal Reports for Access applications and migrated several applications to a SQL Server backend and web-based platform.
 - Peachtree 2005 – supported several clients in enhancing reporting (Crystal)
