Senior Hyperion Developer – Cendien – Hyperion Experts

Hyperion Professional Services

Detail-oriented IT professional possessing exceptional analytical and communication skills. Effective in building and maintaining loyal customer relationships based on trust, communication and a problem solving approach that addresses issues for immediate resolution. Consistently relied on for developing departmental procedures for troubleshooting techniques.

- Reduced runtimes for data extracts by 50% to avoid missing service level agreements to customers
- Upgraded Essbase applications and re-platformed, saving the company monthly maintenance costs
- Assisted in the migration of Oracle DB, Forms, and Reports servers from Tru64 to RedHat Linux
- Re-engineered Business processes for inbound/outbound data transfers
- Wrote process procedures for ssh using PKI standards as connection methods eliminating .netrc files
