CENDIEN CORP: **(214) 245-4580**

<http://www.cendien.com>

- Produce and analyze data to assist in all levels of decision making
- Produce, analyze, and report annual data requirements
- Managed accounts payable systems for ERP configuration and conversion from **Lawson** to PeopleSoft. Identified and coordinated data cleanup efforts, mapped data elements for data conversion, developed test scripts, coordinated and performed unit and integration testing, developed training materials and trained user community for AP and Matching modules.
- Led initiative to outsource check printing with over 18,000 checks per month
- Led implementation of travel and expenses solution utilizing IBM ERS software
- Responsible for implementation and support of interface from PeopleSoft to inventory legacy system
- Contributed to the creation and execution of Y2K test plans for electronic invoicing and AP
- Served as liaison between Information Technology and Finance departments to ensure user satisfaction

Financial Systems Senior Analyst

Assisted transition of vendors from paper to electronic invoicing resulting in efficiency gains in the accounts payable department

- Implemented EDI for large vendors including mapping, documenting, and training.
- Managed staff of two AP systems (**Lawson / Peoplesoft**) analysts
- Proposed, tested and implemented new process to automatically accrue expenses

Financial System Analyst

- Led Lawson training for AP users
- Managed AP conversion of 130 partnerships with diverse financial software onto Lawson.
- Mapped data elements for data conversion, developed test scripts, coordinated and performed unit testing. Designed custom reports to expedite the conversion process.
- Spearheaded the Lawson AP conversion from 130 partnerships into one company and subsequent upgrade of ERP. Identified and coordinated data cleanup efforts, developed test scripts, coordinated and performed unit and integration testing.
- Documented the Collier-Jackson conversion reports
