## Senior Oracle Developer – Cendien – Oracle Experts

### Oracle Professional Services

Seeking a position with a company where I can contribute my skills, training and experience to become a value adding personality in the organization. I can contribute with:

- Five years IT experience, with the last two years as an Oracle Database Administrator.
- Results-driven DBA with skills in team building and problem-solving; an established reputation for effectively working with diverse groups of people and adaptability to changing environments
- Experience with different areas of administering the Oracle database, including software installation, database creation, migration (from server to server), backup (export, cold, hot and rman), recovery, and performance tuning, etc.
- Strong in current versions of Oracle – 9i and 10g.database administration.
- Expert DBA in database structure modification as required by developers due to business or application requirements; and technically sound in creating databases manually or using DBCA
- Also skilled in all areas of Instructional Technology, capable of yielding problem-solving tactics, teamwork skills, effectiveness and efficiency in executing jobs

### Oracle Technical Skills

UNIX - Solaris, LINUX – Red Hat, Windows NT, Windows XP, Microsoft Office Professional, Oracle 9i, 10g, SQL, MS Office Products, PC and Macintosh applications, Macromedia director – Interactive multimedia and Internet authoring software, Front Page 98 –Adobe Photoshop 8.0, Cobol, C++.

### Oracle Clients / Experience

#### Consulting Client
