Senior PeopleSoft Developer – Cendien – PeopleSoft Experts

PeopleSoft Professional Services

With 7 years of dedicated PeopleSoft experience, I am a seasoned PeopleSoft professional. I am experienced in application design, development, testing and implementation. I have strong knowledge of PeopleSoft HCM (HR, Base Benefits, Benefits Administration, Global Payroll, Time and Labor and self-service modules) and PeopleSoft CRM (Support, Help Desk, Sales, Order Capture). I have a focus on testing with peripheral experience in technical, functional and business analysis roles. With industry knowledge in Utilities, Telecom, Facilities Mgmt., Logistics and Engineering, I am well versed in both CRM and HR Best Practices and apt to take on any new challenge.

PeopleSoft Technical Skills

- Developed test cases and trained HRIS technicians and analysts for system testing efforts.
- Supported testing effort throughout all phases of implementation from test case creation and execution to application deployment.
- Utilized Mercury Test Director to enter and run test cases, log and track defects and report metrics.

Automotive Manufacturing Client

Senior Consultant

- Implemented PeopleSoft HR 8.8 Payroll, Time and Labor, Benefits.
- Architected & implemented, from design phase through go-live, the design and execution of configuration activities:
- Security – Roles & Permissions, Structure & Content (Roles: Administrator, Manager, Agent)
- PeopleSoft Query Manager (wrote queries for reporting and workflow).
- Time and Labor (base table setup, data cleansing for converted data).
- Validated and corrected converted Time and Labor data.
- Performed fit/gap analysis of HR/Payroll/Benefits processes, SQR programs, reports and interfaces.
- Trained end-users on procedures and processes pertaining to the new modules & pages developed.

Aero Space Client

Junior Consultant

- Implemented PeopleSoft HR 8.3: Time & Labor, Global Payroll, Benefits.
- Gathered user requirements, based on which performed detailed functional and technical design of online customizations.
- Functioned as a liaison and advisor to Interface team members – providing expertise in designing and developing external interface specifications for PeopleSoft HR modules.
- Created and executed system tests and validated results.
- Created Training material, functional, technical and configuration documentation to support implementation.
- Performed testing to validate system functionality and determined root cause of defects.
